

My name is Carina Barthel and I live in South of Sveden in a small village called Svarte. I work as environmental manager during the days. I have been a judge of obedience since 2006 and judged 4 Swedish championships, 1 Nordic championship and have also been in Poland, Denmark and Norway and convicted. Unfortunately, I only have one dog, a little cocker spaniel. I like happy dogs and my favorite breed is Flatcoated Retriever. I am very happy for your invitation and look forward to meeting you all and seeing nice, talented equations and not least to get to Switzerland as I have never visited before.
